Closing Remarks

Fort Richardson

Well-Being Action Council

- MEMORANDUM FOR AFAP
- SUBJECT: SSG Agan's Housing BAH Question
- 1. SSG Agan's question is in reference to dual military couples that live on post and Basic Allowance for Housing (BAH). All Soldiers that live in adequate government quarters do not receive BAH.
- 2. BAH is intended to pay for housing expenses such as rent and utility bills. Soldiers that live on post do not pay any rent or utility bills (power and heat). Dual military couples that live on post do not receive BAH because these expenses (rent and utility bills) are provided by the government. Most married Soldiers have a choice of whether they live on post or not. BAH is intended to pay for housing expenses; if a Soldier doesn't have these expenses because the government is already providing adequate housing and utilities for the service member then they cannot draw BAH.
- 3. BAH is intended to pay for housing expenses only. BAH is not a pay; it is an allowance. The allowance is meant to pay for housing expenses. If a Soldier is provided adequate housing by the government, they are not entitled to BAH whether they are a dual military or single military

ROBERT A. KONOPKA, JR. CPT FC, Commanding
